Bashley 0-0 Slimbridge

A defiant performance from a Bashley side whose inevitable relegation was confirmed today coupled with a below par performance from the Swans saw the visitors return from their longest trip of the season with merely a single point rather than the three they would have been expected to pick up. On another day, Slimbridge could have ended the game in double figures, with far more opportunities than they had when they put six past Bashley at Wisloe Road last month, but in the end it was the hosts who were celebrating at the final whistle, as they collected only their second point of the season.
