Slimbridge 2-1 Salisbury

On a historic afternoon for the club, and with Tony and Margaret Thornhill in attendance at the ground which bears their family name, three goals in five second half minutes delivered what is arguably the most notable win the history of Slimbridge AFC. Steve Claridge's Salisbury made the long journey back home having been defeated by a performance of determination and passion from the home side that left Manager Leon Sterling delighted - 'Even though we were going through a rough patch before this game, we never lost our belief.

We worked hard for 90 minutes and in the end edged it against a very good side. Our performance today epitomised what our club is about, and I am very proud of the lads, who thoroughly deserved their victory.'
